A FEW WORDS FROM

A WELL-KNOWN CITIZEN OF MACON.

In August, 1881, nearly three years ago,

my son, who was at that time living at Clinton, Ga., came over to see me with the sad intelligence that his wife was in the last stages of consumption and that her physician had pronounced her case hopeless. I went immediately over, and I felt that nothing could be done. She was coughing and spitting incessantly, and at times would discharge from her lungs a cured and with scarcely a vestige of hope we commenced giving it to her in small began to improve after a few doses and to-day perhaps in better health than ever before. She is subject to colds, but a few (which she is never without) relieve her

immediately. I consider her restoration to perfect health a miracle, for which she is indebted to Brewer's Lung Restorer. My son is almost a monomaniae on the subject of Brewer's Lung Restorer and never lets an opportunity pass where he thinks such a medicine would be required, that he does not speak of it in most glowing terms. Not long since a Northern gentleman on his way to Florida heard of this cure and was Mr. Charles Eden, of Trinidad, Colorado,

cough disappeared. I am now on a visit to my parents in Georgia, but will return in a
